Paul - would I be imposing on you to ask that you send copies of this to HAL + to Weisberg. Also to Burton if you think it won't get in the wrong hands ?? I promise to get typewriter soon! 3 May 68

Paul,

Someday I'll get a typewriter. Excuse the scrawl. Some items from material recently gotten, + from deduction:

~~Believe there is a Part I to CD 75. Can you check the Weisberg page (154) I think it is relating to the mysterious phone call from Slidell area + advise the Reference? Think it may be from 75-1. My notes aren't too clear.~~

CD 441 totals just 65 pages + from appearance of index doesn't hold much. Seems to be Texas — Ruby — Ruby relatives file.

Have index for CD 205. Runs nearly 800 pages (the file, not the index!) Texas + Louisiana items — lots of Russians — TSBD people — Marina — Duff — DeM. — Oswald employers. Curiously, the names + references for Lee Oswald + Jack Ruby are not indexed !! Some pages already ordered. Will pass on anything likely-looking that is obtained.

The 7 pages withheld Re: D. H. McJadin (19-501) are pp 606-09 + 612-14 of CD 7. Hope to get more info on this. There is nothing else in archives on McJadin, or Bahmer erred in a letter to me.

The Secret Service interview of Donald W. House (See 25-787) "hasn't been found in the Commission's records" per letter dated 26 April from Rhoads. getting to be par for the course! Have a strong feeling this party is important! See (19-523) Tip from one Mrs. Cunningham. The material I have been able to get on House (pp. 111+112 of CD 301) has been expurgated by FBI. anybody got anything else on him. Was "Mrs. Cunningham" interrogated?

Archives couldn't provide indices for CD's 853, 1054, 1055. Not too surprising — Cuban exile stuff.
Obtained 782-b. Re = Angel Perez. Ref = 25-600 24-660, 24-622, 24-619. FBI states they ran the name thru an Immigration master index + nothing popped out. He is as mysterious as he was 4½ yrs. ago. Could he be identical with R. NARVAEZ or "Angelo". The dates the FBI checked for his entry into the U.S. were = OCT. 3, 4 + 5 + NOV. 2. Where they got the latter adds further mystery.

CD 934 tells us that "3610 No. Beckley" used by LHO on appl. for P.O. Box 6225 is a non-existent address + that No. Beckley ends at 3000.

CD 1389 = Evaristo Rodriguez was shown several photos by FBI, including CE 237 (others not named) and couldn't identify any of them as being "Oswald's" companion in the lemonade episode.

From CD 206, p. 365 — Item 19 is page from an Oswald notebook with Alex Kleinlerer's home address, P.O. box #, home phone # + office phone #. Since Kleinlerer, according to his deposition equated Oswald with Bubonic Plague, this is a little surprising. From his background, Kleinlerer may be "connected". An interesting description of him is provided XI-130. Intriguing also is his mention (25-67) in connection with Jack L. Bowen (Grossi) and Texas Import-Export Co. Since this latter company was mentioned in CD 206 in an interrogation of Marina Re. the strange case of Joe R. Franklin it must be quite an organization!!

CD 777 E, 5 pages Re DeM is an interview of Mrs. Charles Elliott Tilton III Tubac Ranch, TUMACACORI (sic) Arizona. Not much there. She states the only names of his associates that she could recall were a woman VERA LIPOVAC and a man LORENZO (L.N.U.) both of whom DeM. knew in New York (then married to Dorothy Pierson. Also that he had written ~~[illegible]~~ ("several months" before 3/26/64) that he had found oil in Haiti near the Dominican border. (George is where the action is — or where it soon will be).

Did I mention that Turner (or Garrison) is mistaken on "Newton 2550" (Jan 68 Ramparts, p. 63). Archives provided a clearer copy of inside of cover of Armstrong Exhibit 5308 and what is shown there is clearly "NEWTON 2-5550".

On the withheld "Ferrie" pages CD 75 the name Pecoraro appers p. 211 per index. Note close relation to "PECORA". Have magazine reference to a "PECORARO" in connection w/ Raids on Cuba. Or may have just loaned this to Hal. (??)

Have lots of pages on hand from CD 301 (Texas R-wing file). Some of it will have to be disseminated after analysis. More on order.

Have sent for the following pages from "CD 75 — part 2" = 572-573; 599-660; 207-211; 274-276; 237-240; 314-318; 342-347; 506-514. Dont know how many of them will be able to get.

CD 105 p. 99 is an FBI interview of S. Lewis Hutcheson, Jr., 7311 PALDAO St. Dallas aka "SKIP" (Ruby notebooks). They dont tell us anything bad about the fellow. Not even what line of work he's in.

Hope Jack W. Martin of Goldonna, La., Dallas, Texas + other stops has been followed up.

As mentioned, pp. 143 of CD 722 is withheld and apparently relates to phone calls by Al. P. Gruber to Gunthers Hot Springs & Murietta Hot Springs. Would appreciate anything on this. Might be enlightening to know who was called & the dates, as you know he received a death threat. Also tied to his phone (p. 144) is a call to Jack Ruby at Carousel — don't recall Gruber's mentioning this, tho its possible

Does the name Rio KLEIN ring any bells? Its the only one indexed to a withheld page (34 of 722) Re Sam Ruby calls.

Pages 97–100 CD 722 pertaining to calls home fone Lawrence & Vicky Meyers are withheld. Not because theyre phone calls since I have p. 101 which shows calls (no dates) to Earl L. Fox, 1720 Grove, National City, Calif 477-2721, and to 765-8189 Reo Piedess, Puerto Rico, listed to one CHRIS DIAZ CARLO apt. 274, El Monte Apts, HATO Rey, Puerto Rico, about whom Meyers was evasive in his testimony (see vol. 15 page 639).

Have better information on ERO Mfg (Meyers) calls than is provided in CE 2350. Its on pp. 120–123 of CD 722. Page 124 is withheld. The only name indexed to it is H.T. FARRELL. From CE 2350 dates pertinent to him are 10-7, 10/21 & 11-1-63. WH 44970 Chicago (called by Ferrie 9/24/63 per Jan 68 Ramparts p. 63) is listed to: TWENTY EAST DELAWARE APTS at that address. Since Meyers call was to Miss Asie (AASE) in Room 1405 this could be quite an imposing edifice. Anybody checked a Chicago directory for interesting-looking tenants' names? I haven't given up on Andre Angelas and Robert Ahler, Bill Randle & Spear-F Ranch but I'm beginning to think the "good stuff" is locked up (or worse)

Jim
